

## IN THE SPECIFICATION

Page 12, before the paragraph (subtitle) beginning at line 30 (as numbered), insert the following new paragraph:

The figure 4 illustrates a section view transverse to the figure 3 of the part of the composite coating structure of the fuel tank of the figure 3.

Page 14, after line 11 (as numbered, i.e., after the paragraph beginning at line 7 (as numbered)), insert the following new paragraph:

Three of the row of fasteners (III) described above are shown figure 4. The fasteners at the opposite ends of the row are in the above-described metallic countersunk washers (3). The fastener in the middle is not, whereby to have a gap (6) between the middle fastener (III) and the corresponding hole in the outer skin (I) and the internal part (II).
